

Manjunath G L

Data Analyst

+91 8431769635 | manjunathgl064@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Bengaluru, India

PROFESSIONAL SUMMARY

Data Analyst with hands-on internship and project experience in **SQL, Python, Excel, and Power BI**. Skilled in **data cleaning, exploratory data analysis, dashboard development, KPI reporting, statistical analysis, and data storytelling**, with the ability to transform complex data into **actionable insights that support data-driven business decisions**.

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy, Matplotlib, Seaborn, Plotly, SciPy, Scikit-learn)

Databases & SQL: MySQL, PostgreSQL, SQL (Joins, CTEs, Subqueries, Window Functions, Views, Aggregate Functions)

Data Visualization & BI: Power BI (DAX, Power Query, Data Modeling), Tableau, Advanced Excel, KPI Dashboards

Machine Learning: Random Forest, Regression, Feature Engineering, Predictive Modeling, Model Evaluation

Data Analysis: Data Cleaning, EDA, Data Wrangling, ETL, Data Validation, Insight Generation, Statistical Analysis

Statistics: Descriptive & Inferential Statistics, Hypothesis Testing, Probability, Correlation, Regression

Tools: Git, GitHub, Jupyter Notebook, Google Colab, Google Sheets, AI Prompting, VS Code, AWS S3, REST APIs

WORK EXPERIENCE

Data Analyst Intern | Itvedant Education Pvt. Ltd | Bengaluru, India

June 2025 – March 2026

Tools & Technologies Used: SQL, Excel, Python, Power BI, MySQL, Scikit-learn, Jupyter Notebook

- **Processed and standardized 100K+ rows** from multiple regions to support weekly analytics and KPI tracking across geography and time.
- **Designed Excel reporting templates** using lookup functions and PivotTables, reducing reporting time by **40% across 4 departments**.
- **Developed and maintained Power BI dashboards** tracking revenue trends, customer mix, and monthly performance across business units.
- Built and evaluated **Random Forest models** using **Python and Scikit-learn** for **customer churn classification**, analyzing **feature importance** to identify key churn drivers and achieving **85% accuracy**
- **Collaborated with 4 analysts and 2 senior managers** to define and validate **6 KPIs**, improving reporting **reliability and stakeholder alignment**.

PROJECTS

Customer Churn Analysis & Prediction | [GitHub](#) | [Preview](#)

Tools & Technologies: SQL, Excel, Python, Power BI, MySQL, Scikit-learn, Jupyter Notebook

- **Analyzed 6,418 telecom customers** using MySQL, Python (Pandas, NumPy), and Power BI, identifying a **27% churn rate** and key churn drivers.
- **Trained a Random Forest Classifier** on 20 features, identifying **381 high-risk customers** for retention targeting.
- Built **12+ Power BI visualizations** using Power Query and DAX to track churn KPIs, CLV, and service-level trends.
- Identified **46.5% churn among month-to-month customers** and higher churn in **short-tenure and high-charge segments**, informing **5+ retention strategies**.

Super Store Sales Analysis & Forecasting | [GitHub](#) | [Preview](#)

Tools & Technologies: SQL, Excel, Python, Power BI, MySQL, Scikit-learn, Jupyter Notebook

- **Analyzed 22K retail orders** generating **\$1.6M sales and \$175K profit** using MySQL, Python, and Power BI to identify regional and category trends.
- **Built an interactive Power BI dashboard** with DAX measures and slicers for KPI and performance monitoring.
- **Used SQL CTEs and window functions** to rank profitability, with **West (33%) and Central (22%)** leading.
- **Developed a Random Forest Regressor** to forecast sales, evaluated using **MAE, RMSE, and R²**.

EDUCATION

Bachelor of Vocation (B. Voc) in Mechatronics Engineering | 92.10% |

2020 – 2023

M. S. Ramaiah University of Applied Sciences, Bengaluru, India

NTTF Diploma in Mechatronics Engineering | CGPA: 8.54 / 10 |

2017 – 2020

Nettur Technical Training Foundation (NTTF), Dharwad, India

CERTIFICATIONS

- Master in Data Science & Analytics with AI – **Itvedant Education Pvt. Ltd** | Dec 2025 |
- Python for Web Development – **IBM CEP** | Sep 2024 |
